Contextual Information

School profile

Sunshine Christian School was founded in 1982 by a group of committed Christians, across denominations, who desired to provide a Christian choice in education in the western suburbs of Melbourne. In 2004 the school became a member of Lutheran Education Australia. Our sponsoring church is St. Matthew's Lutheran Church, Footscray.

Sunshine Christian School seeks to provide a rich and supportive education within a Christian framework for students in years Prep to 6. A deep care and concern for all members of the school community provides the foundation of our school. We have small class sizes and an overall enrolment level in the mid-90s. The curriculum of the school is based on the Australian Curriculum and the Christian Studies Curriculum Framework (published by Lutheran Education Australia). It embraces the many languages, cultures and gifts of our students.

A positive and stimulating environment provides students with the opportunity to develop across the wellbeing domains. In addition to a strong Literacy, Numeracy and Humanities focus, students undertake specialist programs in Music, Visual Art, Physical Education, Christian Studies, Science and LOTE (Auslan). Students and staff seek to live out our school motto 'Living as children of the light' and display our school values at all times.

The dedicated staff of Sunshine Christian School support and nurture our students to achieve personal academic excellence, make positive contributions to the community and cope well with the demands placed upon them in further study and beyond.

Community Satisfaction

Students

The school principal regularly works to build positive and supportive relationships with all students in order to maintain a detailed understanding of student concerns and issues. The principal maintains an active teaching load in order to foster good communication between staff and students. Students are also represented by student leaders and a student council which provides feedback to school staff.

Staff

All staff regularly meet with the principal to formulate professional learning plans and reflect on their practice. Sunshine Christian School enjoys the blend of service of many long-standing and experienced staff members as well as enthusiastic team orientated younger staff members. Leaving staff participate in exit interviews which provide valuable feedback. In 2018 staff participated in an externally led wellbeing survey and an internally led satisfaction survey.

Communities

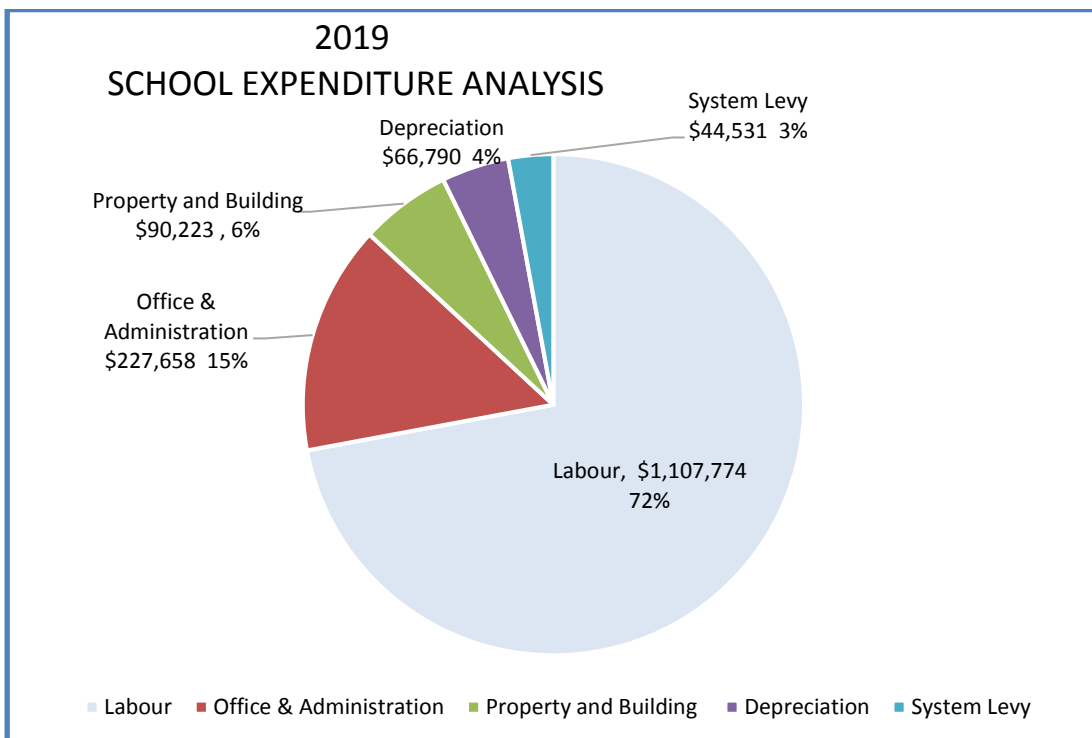

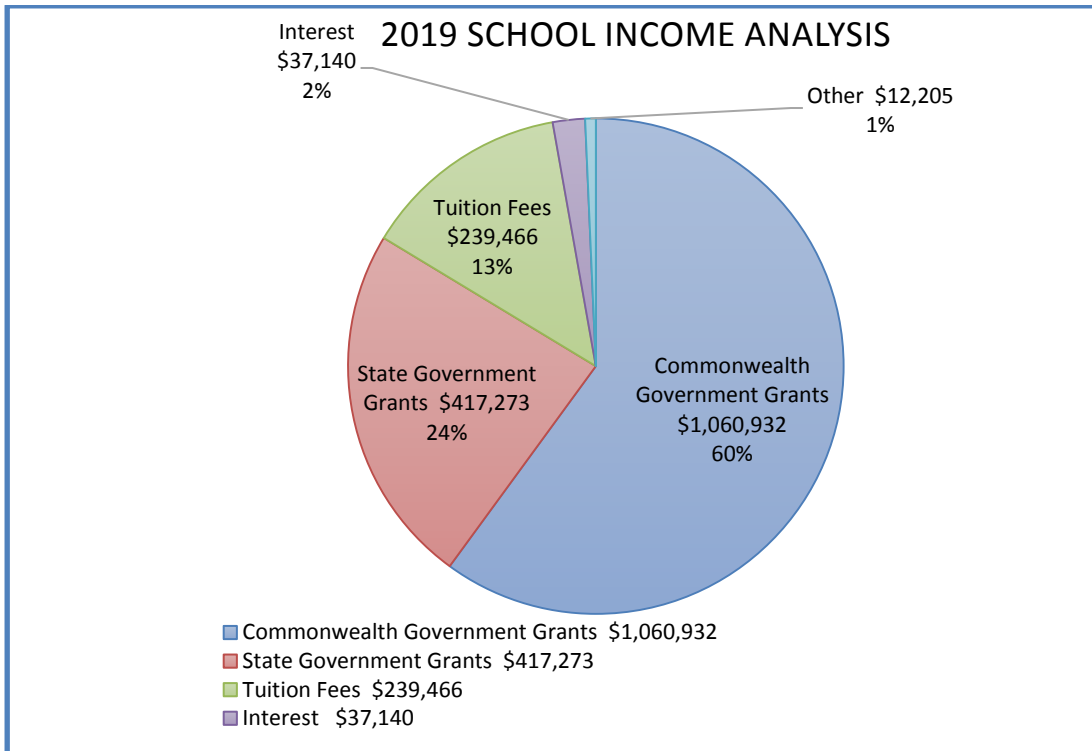

The principal has an open door policy and habitually makes himself available in the yard before and after school to allow parents to provide feedback. The school secretary builds excellent relationships with parents and students which creates an additional channel for feedback to the school. The school pastor and chaplain also seek to greet all families once per week. Teachers see parents daily as students are collected from classrooms at the end of the day.

The principal regularly undertakes consultation with parents, both formally and informally, regarding new and current initiatives. Families leaving our community meet with the principal to provide exit feedback.

The school takes its high student retention rate and lengthening waiting lists for enrolments at all year levels as indicative of a high level of community satisfaction with the school.

In 2019 parents participated in an internally led satisfaction survey.
